**25** YEARS  
of whistleblower protection  
in Queensland

The logo features the number '25' in a large, bold, lime green font. To the right of the '5' is a stylized lime green icon of a whistle with sound waves. Below the '25' is the word 'YEARS' in a smaller, bold, lime green font. To the right of 'YEARS' is the text 'of whistleblower protection in Queensland' in a white, sans-serif font. The entire graphic is enclosed in a dotted lime green line that forms a partial circle.

This December marks 25 years of protection for whistleblowers in Queensland. The current legislation, the *Public Interest Disclosure Act 2010* (PID Act), was a result of recommendations from the landmark Fitzgerald Report.

The PID Act provides a way for people to **disclose information about serious wrongdoing** in the public sector, and to ensure they are **appropriately protected when they do**.
