Gift register

Gifts or benefits accepted by our employees remain the property of the Office unless we determine it is appropriate for the recipient to retain the gift or benefit. Employees must declare given or received gifts and benefits and the office must ensure that reportable gifts or benefits have been declared and published online within the month following the end of the quarter.

The gifts register shows gifts and benefits valued at more than $150 that have been given and received by our employees in a financial year. Items of cultural significance are reported regardless of their value. The register is updated each quarter.
